Results-driven **Front-End Developer** with 1 year of experience developing user-centric web applications using **React.js v18** and **Next.js v15**. Delivers high-performance solutions under tight deadlines, with basic exposure to **Azure DevOps (CI/CD, Sprint Boards, production deployments)**. Adept at **problem-solving** and adapting to new technologies to build innovative solutions. Strong collaborator with experience in **Agile/Scrum** methodologies, including daily standups and sprint planning.

SKILLS SUMMARY

- **Languages:** Html, Css, JavaScript, TypeScript
- **Frameworks:** React.js, Next.js, Node.js, Express.js
- **Databases:** Mongo DB
- **UI Libraries:** Ant Design, Material UI, Tailwind Css
- **Version Controll:** Git / Github , Github Desktop
- **Soft Skills:** Team Collaboration , Problem Solving Skills, Quick Learner
- **Others:** Redux, Redux Toolkit, React Toastify, Animations, Jwt Auth

WORK EXPERIENCE

FRONT-END DEVELOPER - VSCO TEK
October 2024 - April 2025

- Developed and maintained multiple web applications, ensuring **responsiveness** and high performance across different devices and browsers.
- Collaborated with the backend team to **integrate APIs** and ensure seamless front-to-back communication.
- Optimized web applications for speed and scalability, reducing page load times by 20%.
- Leveraged **React.js v18** and **Next.js v14** to create modular and reusable components, improving development efficiency.
- Improved team communication by setting up clear hand-off processes between design and development, reducing UI implementation errors by 30%.
- Contributed to **code reviews** and participated in **daily stand-ups** as part of an Agile team.

REACT JS INTERNSHIP - M PARSEC
March 2024 - July 2024

- Assisted in developing user interfaces using **React.js v14** and **TypeScript v4** for a real-world product under the guidance of senior developers.
- Contributed to building **reusable UI components** with **Material UI v4**, ensuring responsiveness and **testing, and deployment**.
- Utilized **Azure DevOps** for source control, **agile project tracking**, and collaborative development workflows.
- Worked closely with the design team to ensure pixel-perfect implementation of **UI/UX designs**.

PROJECTS

AI POWERED TEXT TO IMAGE GENERATOR - NEXT JS - LINK
August 2025 - present

Developing a custom **AI-based image generator** using **Next.js v15** and **OpenAI API** to convert text prompts into realistic visuals, enhancing creative workflows for a personal client.

BAND WEB APPLICATION - NEXT JS - LINK
October 2024 - March 2025

Created a music platform using **Next.js v15** where artists share releases and radio hosts discover and hire them.

EDUCATION

UNIVERSITY OF KARACHI (UBIT)
January 2022 - present

Undergraduate in Computer Science ;

GPA: 3.4
